Submitted herewith are additional items recovered in connection with the murder of Dr. MARTIN LUTHER KING, JR.:

469

- (1) One pair of men's shorts. (Waistband in unstretched condition, one side, measures approximately 11 3/4 inches, which would be waistband of approximately 23 1/2 inches. Fully extended waistband measures approximately 17 1/2 inches, one side or a total of 35 inches.
- (2) T-shirt, size 42-44, designated "Jockey Power Knit" T-shirt, large size. It appears on visual examination that lower portion of T-shirt has been cut.

470

Laboratory requested to examine T-shirt and shorts for any hidden laundry marks and any other examination that may help to determine original garments. In connection with the laundry tape that appears on both the shorts and T-shirt, the number 692-6 appears. Since a portion of the left side of each of these tapes is missing, the possibility that the "6" might be the remnant of the letter "D" or some other combinations should not be overlooked.

Inquiry of the Albany Office discloses that the Textile Marking Machine Co., Syracuse, N.Y., has a representative, JOE COMBS, 5932 Devonshire Dr., Oxenhill, Maryland, Tel. 301-248-6123, in residence in Oxenhill. COMBS reportedly has the ability to determine on inspection of laundry marking tape as to whether or not this is type tape produced by his company and type of machine producing same.
